Derived from urea, magnesium sulfate, ferrous sulfate and manganese sulfate.

Purpose: SG Color Pro is a foliar and soil applied liquid nutrient product that is designed to provide iron (Fe) and other nutrients that may be deficient in the soil or plant.

GENERAL DIRECTIONS FOR USE

Turf: Apply 3-6 fl. oz. per 1,000 sq. ft. monthly or as needed

Fairways, Lawns, Athletic Fields and other Turf Areas: Apply 4-8 quarts per acre (3-6 fl.oz. per 1,000 sq. ft.). Three to four applications per growing season are recommended.

Ornamental Shrubs:

Mix 1 gallon in 100 gallons of water and spray foliage thoroughly to point of runoff. For larger shrubs and trees, apply 2 fl. oz. (4 Tbsp.) per inch of trunk diameter in sufficient water for thorough coverage. Make 2-4 applications at monthly intervals during the growing season.

Row Crops and Small Grains: Apply 1-2 quarts per acre applied in 10 gallons of water on foliage by sprayer at least 3 times per growing season.

Information regarding the contents and levels of metal in this product is available on the internet at <http://www.aapfco.org/metals.htm>

CAUTION: KEEP OUT OF REACH OF CHILDREN

DANGER

Causes serious eye irritation. May cause damage to organs through prolonged or repeated exposure.

Precautionary Statements: Wear eye/face protection. Do not breathe the mist or vapor. Avoid release to the environment.

First Aid: If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a doctor.

Storage and Disposal: Do not contaminate water, food or feed by storage or disposal. Keep out of reach of children. Store away from incompatible materials. Store in a sealed container in a cool dry place, out of direct sunlight. Store at temperatures above 40 degrees F and below 95 degrees F. Product must be used within 15 days after opening for maximum efficacy. Use within 36 hours of mixing. Dispose of contents/container in accordance with local regulations.

Weight per gallon: 11.3 (lb.) 5.13 (kg) at 68 degrees F.

Net Contents: 2.5 gallons (9.463 liter) Net Weight: 28.3 lbs. (12.8 kg)
 Net Contents: 5 gallons (18.927 liter) Net Weight: 56.5 lbs. (25.6 kg)
 Net Contents: 250 gallons (946.3 liter) Net Weight: 2825 lbs. (1281 kg)

GENERAL DIRECTIONS FOR USE (CONTINUED)

SOIL APPLICATIONS

SG Color Pro is compatible with most fertilizer blends. Apply 2-4 quarts per acre. Optimum rate of application will vary depending on soil properties (such as pH, organic matter content, texture), weather conditions, time of year, general plant vigor and plant species. For best results, follow soil test recommendation.

FOLIAR APPLICATIONS

Row Crops and Small Grains: Apply 1-2 quarts per acre applied in 10 gallons of water on foliage by sprayer at least 3 times per growing season. Apply 2-3 pints per acre applied in 5 gallons of water by aerial application at least 3 times per growing season. Apply 2-4 quarts per acre applied by fertigation at least 3 times per growing season. For best results, follow plant tissue analysis recommendations.

MIXING AND HANDLING INSTRUCTIONS:

Apply recommended rate in sufficient water for thorough coverage (usually 5-10 gallons of water per 1,000 sq. ft.). Put 1/3 to 2/3 of total required water volume in tank. Add adjuvants, fertilizers and pesticides if desired and agitate until thoroughly mixed. Add recommended amount of SG Color Pro and agitate until thoroughly mixed. Fill tank with remainder of water.

Caution: Not recommended to mix with phosphate products or highly alkaline solutions simultaneously, check chemical mixture compatibility using a jar test prior to application.

Conditions of Sale and Warranty

1. Seller warrants that this material conforms to the description on the label and is reasonably fit for use as directed hereon. Seller neither makes nor authorizes any agent or representative to make any other warranty of fitness or of merchantability, guarantee or representation, express or implied, concerning this material.
 2. Critical and unforeseeable factors beyond seller's control prevent it from eliminating all risks in connection with the use of chemicals. Such risks include, but are not limited to, damage to plants and crops to which the material is applied, lack of complete control, and damage caused by drift to other plants or crops. Such risks occur even though the product is reasonably fit for the uses stated hereon, and even though label directions are followed. Buyer and user acknowledge and assume all risks and liability (except those assumed by seller under 1. above) resulting from handling, storage and use of material
